2 Enabling SpaBoom in Millennium

- 2.1 Launch Millennium
 - a. Go to "File".
 - b. Select "Add-On Registrations".
 - c. Click on "SpaBoom Setup".
- 2.2 The SpaBoom GC Import Setup will display. The following fields must be filled out:
 - a. SpaBoom Id (provided by SpaBoom)
 - b. Desired SDK LoginID (This will allow Millennium to communicate with the Millennium.SDK. Once this is set, it should NOT be changed. An example would be 'SpaBoom'.)
 - c. Desired SDK Password (Again, this is to allow SpaBoom to communicate with the SDK, and you can use the same information as the LoginID)

- 4.1 Once the SpaBoom bridge has been installed, your SpaBoom account must be enabled to use the bridge. To do this, log onto your SpaBoom account at(<u>http://www.spaboom.com</u>) with your SpaBoom ID and password.
- 4.2 Once logged in, click the "Setup" tab at the top of the page, then click the "Basics" option in the Setup menu. This will take you to your Basics page.

- 4.3 Once here, click the "Harms Millennium" task, which is located at the bottom of the Setup menu on the left hand side. You may have to scroll your window down to see the task. This will take you to Harms Millennium page within SpaBoom.
- 4.4 First, click the top checkbox labeled "Send Gift Certificates to Harms Millennium". This checkbox tells SpaBoom that you are using Harms Millennium.
- 4.5 Next, you need to enter your Millennium SDK GUID, including dashes, in the field labeled "Millennium GUID". This can be found on the Spaboom GC Import Setup screen within Millennium. Browse within Millennium to File Addon Registrations Spaboom Setup.
- 4.6 Finally, you must click the checkbox labeled "Use Harms Bridge".
- 4.7 When you are done, click the Save button at the bottom of the page to save your changes. Once your changes are saved, SpaBoom will automatically send any gift certificate entered to Harms Millennium.
